Our Objective

The **primary goal** of PSS Trust is to **provide specialized tutoring & mentoring** and a healthy **Learner-Centric ecosystem** for students from families '**Below the Poverty Line**' and attending Government Schools. We provide much needed **financial, emotional, and moral support** too to achieve this noble objective.

Our Journey

When we **commenced** our philanthropic operations in **2003** in Miyapur, we started as an "**After-School Support System**" giving **free tuition for 9th and 10th** standard students by our volunteer teachers. The students come at 5 PM, learn, eat their dinner at the trust facility, and leave around 9 PM.

There was a lot of **resistance** in the initial years from the parents, especially the **girl-child parents** to convince them of our noble purpose and grandeur dream. We **adapted** a **creative, all-around, hands-on approach** to alter this unfavorable social situation. Our successful and proud **alumni of 900 students** are a **testimony** to the success of our philosophy and conviction.

Our Activities

Eventually, we evolved to take up a much greater role and responsibility in their **all-round development** - *soft skill training, family counseling, education counseling, career counseling, job prospects, and placements* to prepare them for a brighter future.

Once they complete their X Class, the following are the next steps for our bright students –

Coach them for the **Polytechnic Entrance** exam

Gain **Admission** for successful students in **polytechnic colleges**

Coach them for the **ECET exam** after their Polytechnic degree

Gain **Admission** for successful students in **Engineering colleges**

Assist Polytechnic graduates and engineering graduates in **getting a job**

To enable our students to complete the above steps successfully, we commit ourselves to -

Provide financial support (*college fee, Library fees, Textbooks and notebooks, uniforms, Campus recruitment Training fees and other expenses*) for all the admitted students to complete their degree

Seek help from individual & corporate donors for adapting the expenses of these students and job assistance for eligible candidates

Provide them with **desktops, internet facility, transport and other infrastructure** outside of their college hours at our trust facility

Engage mentoring support from successful persons in the society to inspire them

The same activities will be started on your premises.

Thanking you for the support

Potukuchi Somasundara Social Welfare and Charitable Trust
